- 2022 Study Abroad**

In 2025 I completed my Cultural Exchange program working as a Photopass photographer. I was able to capture and create special moments. It was a rewarding experience that I will carry with me forever.

I have studied film, having a main focus in cinematography. However, after my time in photopass I am interested in about advancing my camera skills in both photography and videography. I believe I bring strong adaptability and teamwork skills, eager to support production operations and contribute to efficient, high-quality guest interactions.

I absolutely love to travel and have done many long term abroad trips. I would to build a career that allows me to travel while capturing stories and memories.
